SOLUTION BRIEF · BY INDUSTRY

Arlabs for Education

Attendance, operations and campus services for institutions.

The challenge

Institutions manage staff, facilities and services across campuses with limited admin capacity.

How Arlabs helps

- ✓ Digitise staff attendance, leave and payroll
- ✓ Handle facilities work orders and assets
- ✓ Give admins simple, bilingual tools

In practice

> EXAMPLE
>
> A campus runs staff attendance and leave on mobile, and routes facilities requests to the right team.

Why it works

Work is captured where it happens, verified before it counts, and reported from one trusted record. Every product runs on the same stack, so modules can be combined and extended as the operation grows — without a rip-and-replace later.
